

Figure 3 300

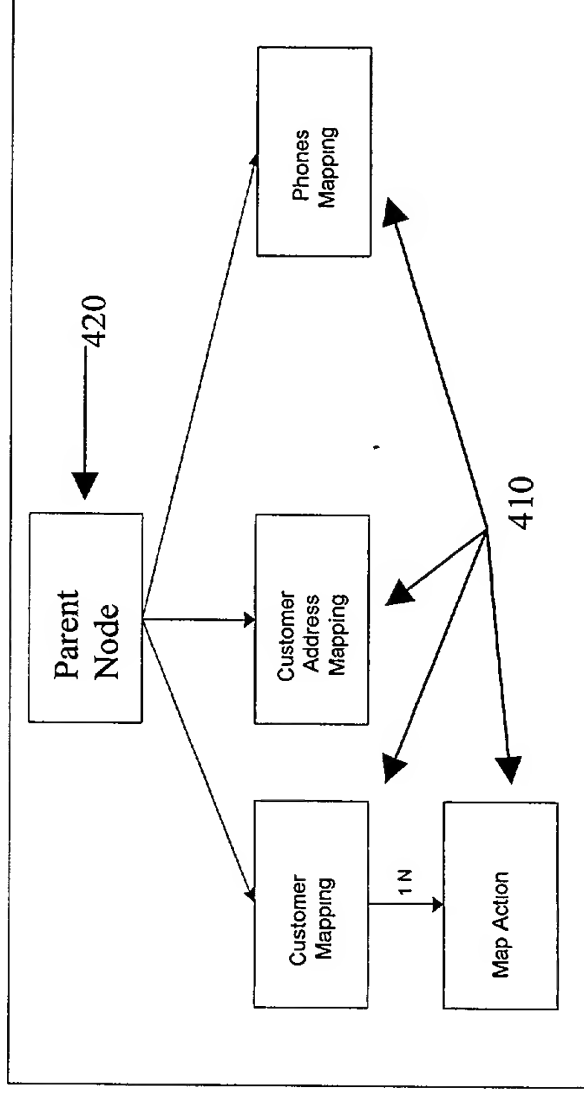

FIG. 4A is a block diagram of a system architecture for a target schema specification. The diagram shows a hierarchy of nodes. At the top is a 'Parent Node' (415). Below it are three nodes: 'Customer', 'Customer Address', and 'Phones'. The 'Customer' node is further divided into 'Customer Attributes' and 'Attribute Properties'. A central node '405' is connected to 'Customer Address', 'Phones', 'Customer Attributes', and 'Attribute Properties'.
